A valid USA Cycling license required. (NORBA/USCF). One-Day racing license available for purchase \$10. An annual USA Cycling license can be purchased on race day or online at [www.USAcycling.org](http://www.USAcycling.org) prior to the event. Registration for each category closes 15 minutes before the race start. All events are held rain or shine – sorry no refunds. Results will be posted at the event and at **www.SoCalCross.org**. Questions? contact: Dorothy Wong [dot@socalcross.org](mailto:dot@socalcross.org) 626-797-8950.

**What is your Cross racing age?** A rider's racing age for the 2007-08 Cross Season is the 'racing age' they'll be at CX Worlds (2008) for that season. Basically your racing age for the entire cyclocross season running September 2007 through January 2008 is based on your age as of 12/31/2008!

**The course:** Course features include: a long pavement start/finish, 70% grass, 25% pavement, and 5% dirt, includes barrier sections and a long run up. Each lap is approximately 1.5 miles in length. Races are timed circuits.

**The park:** Hansen Dam Recreation area includes a fishing pond, aquatic center, horse trails and the HANSEN DAM TRAIL bike path. This two mile long paved trail starts next to the Hansen Dam Park parking lot and curves up to and crosses along the top of the dam. It ends near the far side of the without connecting to any other trails or roads.

**SoCal Cross Prestige Series:** Points will be awarded to the top 15 riders in each SoCal Cross Prestige Series race for the categories of: Elite Men 1/2/3, Elite Women 1/2/3, Men 3/4, Women 3/4, Junior Boys 10-14, Junior Girls 10-14, Junior Boys, Juniors Girls 15-18, Masters Women 40+, Masters Men 35+ (1/2/3) Masters Men 35+ (3/4), Masters Men 45+ and Masters 55+.  
In determining the overall series winners in each category, each riders final points tally will be based on best 8 or 10 races. Categories with **combined start times** will be **scored separately** for series points. Points are not transferable between categories. Points for 1st through 15th place: 20, 17, 15, 13, 11, 10, 9, 8, 7, 6, 5, 4, 3, 2, 1. Please visit <http://www.socalcross.org> for more information.

**Rules:** USCF cyclocross rules apply. CYCLOCROSS AND MOUNTAIN BIKES (No Bar ends) ARE WELCOME. Bike and wheel changes are allowed in the designated pit areas. Riders must wear helmets at all times when on the bike. Riders shall stay on the course or existing trails. Finally, please respect the venue and residents. We want to put on more races and neighborhood satisfaction is very important. [An overview of Cyclocross \(cyclingnews.com\)](http://www.cyclingnews.com)

**Categories:** The schedule above represents CX categories. For a rider getting his/her first license, he/she starts at cat 4 and then upgrades by earning points just like on the road. For returning riders, their CX category is determined by using the algorithm below:

Road Cat 1 or Pro = CX cat 1 (Formerly Elite A)  
Road cat 2 = CX cat 2 (Formerly Elite A)  
Road cat 3 = CX cat 3 (Formerly Intermediate B)  
Road cat 4 or 5 = CX cat 4 (Formerly Beginner C)

If the rider has a NORBA license, then the algorithm is:  
Pro = CX cat 1 (Formerly Elite A)  
Semi-pro = CX cat 2 (Formerly Elite A)  
Expert = CX cat 3 (Formerly Intermediate B)  
Beginner or Sport = CX cat 4 (Formerly Beginner C)

If the rider is both, they get the higher of the categories if they are different. Now, that being said, clearly this algorithm is just a starting point. In this first year, the local associations and regional coordinators will be in a position to modify a rider's CX category if their knowledge of the rider and his results would show this doesn't work. i.e. it is very possible to be a cat 3 road rider but be an exceptional CX rider who usually wins the A races.
